

# Quantium Commercial/Fleet Fuel Dispensers

**TOKHEIM**  
**PROFLEET**

Tokheim ProFleet provides a suite of fuel dispensers designed for the specific requirements of the commercial fleet market. Powered by Tokheim's robust and reliable components the Quantum dispensers are designed to operate day-in-day-out with minimal fuss. Optional FMS upgrades allow your operators to dispense fuel and manage consumption with greater ease.

“Tokheim ProFleet’s Quantum dispensers are packed with the same technology and components of our high-level retail dispensers that are installed on the oil company networks across the globe.”

## **Quantum 210-D at a glance**

### **Authorisation and security**

The optional DiaLOG FMS is an innovative authorisation platform that integrates seamlessly within the dispenser head. Identification takes place via contactless tags, magnetic cards, electronic keys or through SmartFuel.

### **Hydraulics**

At the heart of our fuel dispensers is a set of high-quality components that provide long-lasting performance. The minimal drift TQM meter and robust TQP pump ensure your dispensers keep dispensing with accuracy. Plus a satellite connection allows for more efficient filling of vehicles with tanks at both sides.

### **Keypad**

Choose from a standard or full alphabetic keypad for easy entry of text. The OLED display supports various characters and operates in cold climate conditions. The menus are easy to operate using simple navigation keys. Languages can be changed onsite or preset depending on the nationality of the driver.

### **Hose management**

Choose from a 'Spring Mast', 'Rigid Mast' hose management system or a clean and simple hook hose management system. Features such as break-away couplings are included for improved safety in case of drive off. A variety of hose lengths, for use in a various climates, are available for ease of access to your vehicles.

## Our Dispenser Range

### **Quantum 110**

Entry-level, one or two hoses, single-product system. Allows you to dispense one grade of fuel up to high speeds.

### **Quantum 210**

Entry-level dispenser, but with more options and flexibility than the Q110. The Q210 can dispense up to two products and it comes in either a one or two hose model.

### **Quantum 310**

Flexibly designed to deliver a single, twin or quad fuel dispenser. The spring mast based hose retractor system makes it easy for operators to use.

### **Quantum AdBlue®**

We offer a range of robust ISO 22241 compliant AdBlue® dispensers. Choose from one or two hoses for single product dispensing.

### **Quantum LPG**

Our portfolio of LPG dispensers offers you flexibility when it comes to the unique layout of your fuelling station.

### **A modular, flexible dispenser**

All our dispensers are made to order, for the specific requirements of your site, at no additional cost. Choose from a range of options from the hose management system, fuel type, integrated fuel management systems and much more.

### **Quality components for a lifetime of performance**

Tokheim's Quantum dispensers have been independently verified to have less service interventions than other pumps in the market. The robust components handle a variety of fuel types including bio-diesel and bio-ethanol.

## Quantium Benefits

### **Less service, less hassle**

A proven and robust set of components - utilised by the world's largest oil companies - ensures your dispensers keep dispensing.

### **Engineered for safety and accuracy**

Manufactured at our ISO 9001 and ISO 14001 compliant plants, you can rely on our ATEX and MID certified Quantum dispensers.

### **A lower lifetime cost**

Quantium dispensers benefit from the industry's lowest total cost of ownership (TCO) through fewer breakdowns, more accurate components, less fraud, more effective energy consumption and future-proofed technology.

### **Greater choice of product**

Choose from a wide variety of dispensers that deliver a range of fuel types for vans, trucks, trains and boats.

### **Innovative Upgrades**

Add an integrated DiaLOG fuel management system and/or SmartFuel to improve fuel management and reduce fraud.

### **Local knowledge, global team**

Tokheim ProFleet has an international support network that puts service first. We are there every step of the way to find effective solutions to complex fuel challenges.
